

About Us:

Camp Green Tree provides students with the opportunity to take part in a summer experience that incorporates academics, social skills, and pragmatic language development through an enriched recreational program!

Camp is open Monday-Friday from 8:15-2:30. Aaron School teachers plan and lead theme-based sessions that weave together reading, math, social skills, art, music, athletics, park visits, and field trips.

As part of the athletic enrichment, students will swim at the YMCA, take soccer classes with Super Soccer Stars, and enjoy tennis lessons with Super Tennis Stars! These activities will be run by outside professionals, but supervised by Camp Green Tree staff.

Let's Get in Touch!

CAMP GREEN TREE

An Aaron School Program at 45th Street

SUMMER 2019

Supporting the learning and social needs of students through a fun and active recreational program!

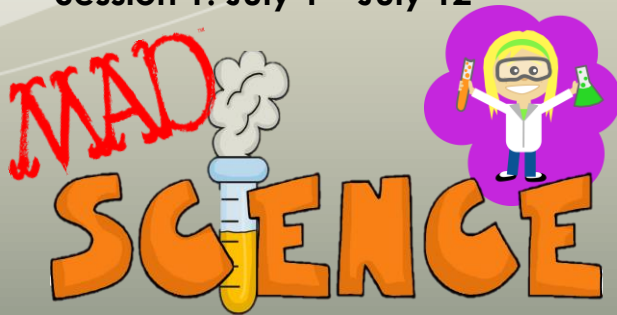

Registration

Camp Green Tree is open to students who are entering kindergarten through 7th grade. Students and activities are divided into age-appropriate groupings.

- The cost is \$2,297 for each two-week session, or \$6,880 for all three sessions.
- The cost is \$9,115 for all three sessions with therapeutic services. (Speech, Occupational Therapy, & Counseling)
- Therapeutic services are available upon request. Contact us to personalize these services.
- Sign up by March 29th for an early bird special!

****CIT PROGRAM**** Students entering 7th grade can choose to be part of our CIT program! These older students will take on a leadership role during periods throughout the day and mentor in a younger classroom!

Session 1: July 1 – July 12

Grab your beakers and put on your goggles, because our first session will have you going mad! During this session our students will transform into scientists! Using the scientific method we will conduct a variety of experiments while activating our scientific minds. Our hypothesis is that this summer will be the best one yet!

Session 2: July 15 – July 26

Yum! What's cooking in the kitchen? In this session, students will cook up delicious eats and sweets! We will engage in cooking and baking activities, while using tactile tools and ingredients, and following step-by-step instructions from different recipes. With a pinch of fun, and a dash of creativity, we have the recipe for the perfect summer!

Session 3: July 29 – August 9

Lions and tigers and bears, oh my! During our last session we will take a closer look at the mysterious jungle. As we embark on our "travels" into the jungle, students will learn all about the exciting animals and plants found in this habitat. So grab your binoculars and find a seat on our safari to the mighty jungle!
